BATMAN: CITY OF BANE

A DC NATION INTERVIEW WITH WRITER TOM KING

What can you tell us about this arc in BATMAN?
Bane has taken everything from the Dark Knight. He has taken Batman to the ground. But as we've seen in this series, Batman's a guy who gets up and says, "I'm still here." You'll hear what Bane's been doing for the last 74 issues.

Has Bane been plotting this from the start?
From day one, the original plan was "Bane is bad, Batman loves Catwoman," and this is what the whole series will be about—those two things. I have written 12-issue limited series like MISTER MIRACLE with Mitch Gerads that have been very well-received. I look at BATMAN as a very long version of that 12-issue thing. It's one big story that's about whether Batman can put something above his vow. Can he put his love for Catwoman above the vow he made to his parents? That is the big question at the heart of the whole series.

Who are some of the other villains featured in the story?
Psycho-Pirate is a huge part of this. He can control anyone. It's been established in continuity that Psycho-Pirate can affect the most powerful entities in the DC Universe. The only person we have established who cannot be manipulated by Psycho-Pirate is the Ventriloquist. Plus, Kite Man is back! He'll play a huge role.

What can you tell us about the art?
Tony S. Daniel returns to do what I think is the best work of his life. I mean, I can't speak highly enough of what Tony's doing on this book. It's this huge, epic storytelling. To me, it looks as good as the best DC event book. I mean, it's that big and cool.
